RE: OSDF Impacted Material Placement  
2005 Winter

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) On-Site Disposal Facility (OSDF) impacted material placement plan for the winter of 2005.

The report appears technically adequate and is consistent with last year's winter placement activities. Therefore, U.S. EPA concurs with the 2005 winter impacted material placement in the OSDF.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
