RE: OSDF Cells 1 and 2 Cap  
 Inspection Checklist

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) On-Site Disposal Facility (OSDF) Cells 1 and 2 caps October 14, 2004, inspection checklist. This document presents the results of the inspection of the Cells 1 and 2 caps.

The inspection report appears technically adequate and is consistent with previous checklists and reports. Therefore, U.S. EPA concurs with the checklist. One recommendation is that for future inspections photographs be taken of any checklist items that may be considered unsatisfactory at the time of the inspection.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
 Remedial Project Manager  
 Federal Facilities Section  
 SFD Remedial Response Branch #2
