RE: Storm Sewer Outfall Ditch  
Excavation Plan

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) excavation plan for stream corridors storm sewer outfall ditch. This document provides a plan for excavating impacted sediment, soil, and debris from the storm sewer outfall ditch.

The document appears technically adequate and is consistent with similar documents. Therefore, U.S. EPA approves the excavation plan.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
