RE: Misc. Small Structures  
Phase 2 Amendment 3 D&D

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) miscellaneous small structures phase 2 project amendment 3 for above grade Decontamination and Dismantlement (D&D) of components 18Y and 93A.

The document is technically adequate and consistent with similar phase 2 amendment documents for the miscellaneous small structures. Therefore, U.S. EPA approves the document.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
