RE: Stream Corridors SSOD CDL and  
 Certification PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) final Certification Design Letter (CDL) and Certification Project Specific Plan (PSP) for the stream corridors Storm Sewer Outfall Ditch (SSOD). This document describes sampling activities to demonstrate the soil in the SSOD meets final remediation levels.

The document appears technically accurate and is consistent with similar documents. Therefore, U.S. approves the Stream Corridors SSOD CDL and certification PSP.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
