RE: Stream Corridors SSOD  
 Certification Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Certification report for the stream corridors Storm Sewer Outfall Ditch (SSOD). This document provides the soil certification information for six certification units in the SSOD.

The certification report adequately demonstrates that the area has achieved the final remediation levels, and is consistent with other certification reports. Therefore, U.S. EPA approves the Stream Corridors SSOD certification report.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
 Remedial Project Manager  
 Federal Facilities Section  
 SFD Remedial Response Branch #2
