RE: Area 6 General Area East CDL and  
 Certification PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Certification Design Letter (CDL) and certification Project Specific Plan (PSP) for the Area 6 General Area East. The document describes data collection activities necessary to demonstrate that the soil in Area 6 General Area East meet the final remediation levels.

The document is technically adequate and is consistent with similar documents. Therefore, U.S. EPA approves the CDL and certification PSP for the Area 6 General Area East.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
