RE: Area 6 and Area 7 Concrete Structures RTC
and Revised CDL and Certification PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comments (RTC) and revised Certification Design Letter (CDL) and certification Project Specific Plan (PSP) for selected Area 6 and Area 7 concrete structures.

The RTC have adequately addressed U.S. EPA's previous comments and they have been incorporated into the revised documents. Therefore, U.S. EPA approves the CDL and certification PSP for selected Area 6 and Area 7 concrete structures.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
