RE: Silos 1 and 2 Project Area Concrete
Structures CDL and Certification PSP
RTC

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Responses to Comments (RTC) and revised Certification Design Letter (CDL) and certification Project Specific Plan (PSP) for the Silos 1 and 2 Area selected concrete structures.

The RTC have adequately addressed U.S. EPA's previous comments and the changes have been incorporated into the document. Therefore, U.S. EPA approves the RTC and the revised CDL and certification PSP for the Silos 1 and 2 Area selected concrete structures.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,
