RE: Addendum CDL A2 P2

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) addendum to the Certification Design Letter (CDL) for Area 2 Phase 2 (A2 P2) Subareas 1, 2, and 4 and the Project Specific Plan (PSP) for A2 P2 Subareas 1, 2, and 4 certification sampling. This addendum provides the sampling approach for this previously certified clean area after equipment drove over the area between April and May 2006.

The Addendum appears technically adequate and is consistent with similar documents. Therefore U.S. EPA approves the addendum to the CDL for A2 P2 Subareas 1, 2, and 4 and the PSP for A2 P2 Subareas 1, 2, and 4 certification sampling.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
Remedial Project Manager
Federal Facilities Section
SFD Remedial Response Branch #2
