RE: OU 1 Remedial Action Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Operable Unit (OU) 1 Remedial Action Report. This report documents the remediation activities in OU 1 and serves as the final report for OU 1.

The report appears technically adequate, however, U.S. EPA has enclosed two minor comments that must be addressed.

U.S. DOE must make the enclosed changes to the document and submit three final versions of the OU 1 Remedial Action Report, signed by a U.S. DOE official, to U.S. EPA within thirty (30) days receipt of this letter.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Saric".
