RE: Addendum to CDL and Certification
PSP for Area 6 General Area East

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) addendum to the Certification Design Letter (CDL) and certification Project Specific Plan (PSP) for Area 6 general area east. The document describes activities necessary to demonstrate that the soil in the tanker spill area in Area 6 meets the final remediation levels.

The document is technically adequate and is consistent with similar documents. Therefore, U.S. EPA approves the addendum to the CDL and certification PSP for Area 6 general area east.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Saric".
