RE: Addendum to CDR and Change Pages to  
CDL for Area 4A

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) addendum to the Certification Design Report (CDR) and change pages to the Certification Design Letter (CDL) for Area 4A. The documents provide certification information and data for a portion of Area 4A that was flooded in spring 2006.

The documents are technically adequate and consistent with similar documents. Therefore, U.S. EPA approves the addendum to the Certification Design Report (CDR) and change pages to the Certification Design Letter (CDL) for Area 4A.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
