RE: Addendum to CDR for Area 4B - Part 1

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) addendum to the Certification Design Report (CDR) for Area 4B - Part 1. The documents provide certification information and data for a portion of Area 4B - Part 1 that was flooded in spring 2006.

The document is technically adequate and consistent with similar documents. Therefore, U.S. EPA approves the addendum to the Certification Design Report (CDR) for Area 4B - Part 1.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,
