RE: Silos 1 & 2 Remediation Facility
Completion Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) project completion report for the Operable Unit (OU) 4 Complex Silos 1 & 2 remediation facility Decontamination and Dismantlement (D&D) project.

This completion report for the OU 4 Complex Silo 1 & 2 is technically adequate, however there are a few clarifications that need to be made to the document. U.S. EPA has enclosed comments on the completion report.

Therefore, U.S. EPA disapproves the Silos 1 & 2 Remediation Facility D&D Completion Report. U.S. DOE must submit a revised document within Thirty (30) days receipt of this letter.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
