RE: APPROVAL - FINAL CDL/PSP FOR A7 MISC AREAS

Mr. Reising:

Ohio EPA has reviewed DOE's *Transmittal of Final Certification Design Letter and Project Specific Plan for Area 7 Miscellaneous Areas* submitted October 24, 2006. Based upon our review, Ohio EPA approves this document but request the following two comments be addressed:

- 1) Response to OEPA comment #2 had stated the OU3 factsheet would address the 60" line and the 18" line, since both will remain in place and are contaminated. Ohio EPA recently received the factsheet for review and neither are discussed within the document. The factsheet will be disapproved until such time as these pipes are adequately addressed in detail.
- 2) Response to OEPA comment #3 stated figures A-1 and A-2 would be updated with new data from recent scans. Though the data is correctly included, Figure A-2 still includes the "D" comment despite no area of influence appearing on the map. A change page for the figure should be provided.

If there are any questions, please contact Donna Bohannon or me at (937) 285-6466.

Sincerely,

Thomas A. Schneider
