**RE: APPROVAL – RECOMMENDATION FOR AIR MONITORING PHASE II
SITE BOUNDARY REDUCTIONS**

Mr. Reising:

Ohio EPA has reviewed DOE's transmittal of the "Recommendation for Air Monitoring Phase II Site Boundary Reductions," received October 27, 2006.

Ohio EPA agrees with US DOE recommendation in the referenced letter, contingent that all site sources have been removed, the on-site disposal facility has been capped, and all impacted soil has been removed from the site. Ohio EPA concurrence is also contingent upon US DOE receiving approval from US EPA.

If you have any questions, contact Tom Schneider or Bill Lohner.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Schneider".

Thomas A. Schneider
Fernald Project Manager
Office of Federal Facilities Oversight
