RE: Stormwater Retention Basin Area
Certification Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) final certification report for the former stormwater retention basin area. The document provides certification information and data to demonstrate the area meets final remediation levels.

The certification report adequately demonstrates that the area has achieved the final remediation levels, and is consistent with other certification reports.

Therefore, U.S. EPA approves the final certification report for the former stormwater retention basin area.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "James A. Saric".
