

Stoller

established 1959

Task Order LM00-502
Control Number 08-0303

May 29, 2008

Mr. Eric Beck
Hamilton County
Hamilton County Service Garage
223 West Galbraith Road
Cincinnati, OH 45241

Dear Mr. Beck:

Stoller would like to place an Ohio Historical Marker commemorating the Cold War, environmental cleanup, and monitoring efforts of the workers at Fernald. The property is now a nature preserve and will be open to the public in late August. We hope to unveil this Ohio Historical Marker as part of our site opening festivities.

The historical marker is approximately 4' wide by 3' tall and will stand 7' feet tall when erected. The plaque will be mounted on a breakaway aluminum pole. We would like to install this marker at 7400 Willey Road; 130' east of the site entrance and 11' north of the Willey Road pavement edge. Rick Feller was kind enough to walk-down the sign location and look at the sign post. He saw no issues of concern regarding the sign, post, or requested location. We would like your concurrence that this is an acceptable marker location

If you have any other questions, please contact me at (513) 648-4899 or dave.hinaman@lm.doe.gov.

Sincerely,

Dave Hinaman
