Dear Fernald Preserve Stakeholder:

### 2012 SITE ENVIRONMENTAL REPORT

Enclosed for your information and reference is the Fernald Preserve Site Environmental Report for calendar year 2012. This report presents results from the environmental monitoring conducted during calendar year 2012, as well as a summary of regulatory compliance activities at the Fernald Preserve during the year.

Both the U.S. Department of Energy and its contractor, S.M. Stoller, Inc. have reviewed the report to ensure that valid and accurate environmental monitoring data are reported. This report is distributed to local, state, and federal agencies and politicians; and the public. It includes a summary report and a single volume of supporting appendices.

This summary report is intended to serve the same wide audience as past annual reports. Detailed appendices are also available, and are intended to serve a more technical audience such as the regulatory agencies, and will receive limited distribution. The summary report and appendices are available to interested stakeholders through the Visitors Center, which is located at 7400 Willey Rd., Hamilton, OH 45013; (513) 648-7500 (open Wednesday through Saturday, 9:00 a.m. to 5:00 p.m., or by appointment). The summary report will also be made available on the U. S. Department of Energy Office of Legacy Management's internet site (<http://www.lm.doe.gov>) under the Sites icon.
