Task Assignment 502 LTS&M 2  
Transmittal of Contract Deliverable: Begin construction of Site Electrical Upgrades project  
Activity Code APX14B-1470-VRB01 – Completed: September 16, 2014

REFERENCE: Prime Contract Attachment 2, Statement of Work

Dear Ms. Pennal:

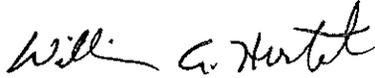

This letter documents the achievement of the subject deliverable, “Begin construction of Site Electrical Upgrades project.” Since the contract for the project was awarded in early July, the Stoller Legacy Management Support (LMS) Team has worked closely with the U.S. Department of Energy and the subcontractor on the design-build of the Electrical Upgrades project at the Fernald, Ohio, Site.

After numerous iterations, a 90-percent design was completed to fast-track the construction of the upgrades this year. The preconstruction meeting with the subcontractor was held on September 10 and construction mobilization also began that day. In addition, the construction kickoff meeting was held on September 15 and construction activities were initiated on September 16 with the completion of the western horizontal borings and the placement of conduit under the site’s access road.

The Stoller LMS Team is committed to high-quality customer service and continual improvement. We would appreciate any feedback you may have on this submittal.

Please contact me at (513) 648-3894 if you have any questions.

Sincerely,

William A. Hertel  
Stoller Site Manager
