Subject: CERCLA Offsite Rule Status for the Envirocare Facility in Ut

5.245

T39.3.1.1

Susan - As requested, I am sending this email as written confirmation of our discussion of July 10, 1998. The Envirocare facility in Utah is "CURRENTLY" acceptable to receive CERCLA off-site waste. I have emphasized the word "CURRENTLY" to stress that the CERCLA Offsite Rule Status of a facility is dynamic in nature and is subject to change. I strongly encourage to call me again in 60-days (if waste shipments are to continue beyond this time) to verify that Envirocare's Offsite Rule status has not changed. My phone number is (303) 312-6419. I hope this email message satisfies your needs. Thanks.

-Terry
