**Subject:** CERCLA Offsite Rule Acceptability Status of the Envirocare facility

Joe;

The Envirocare Facility in Utah is "CURRENTLY" acceptable to receive CERCLA offsite waste. I have emphasized the word "CURRENTLY" to stress that the CERCLA Offsite Rule Status of a facility is dynamic in nature and is subject to change. I strongly encourage you to call me again prior to November 2, 1998, if waste shipments are to continue beyond this date, to verify that the Envirocare facility's Offsite Rule status has not changed. My phone number is (303) 312-6419.
