RE: Approval of the Building 371/374 Decommissioning Operations Plan (DOP)

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the "Division") has reviewed the *Building 371/374 Closure Project Decommissioning Operations Plan (DOP)*, dated March 26, 2001. The Building 371/374 DOP describes how decommissioning activities will be performed for Type 2 and Type 3 facilities within the Building 371/374 Closure Project at the Rocky Flats Environmental Technology Site (RFETS). The Division has determined that RFETS has adequately addressed our comments and hereby grants approval to the *Building 371/374 Closure Project DOP* with the following understanding: RFETS will provide routine updates to the Division regarding the status of Building 371/374 decommissioning activities with respect to specific Dismantlement Sets and Decommissioning Areas. The information provided will also track the status of closures of RCRA units, including documentation and drawings, as necessary, in accordance with the applicable approved RCRA closure plan. If you have any questions regarding this matter, please contact James Hindman at (303) 692-3345.

Sincerely,

Steven H. Gunderson  
RFCA Project Coordinator
