RE: Closeout Report for Building 371/374 Cluster - Approval

Dear Mr. Rampe:

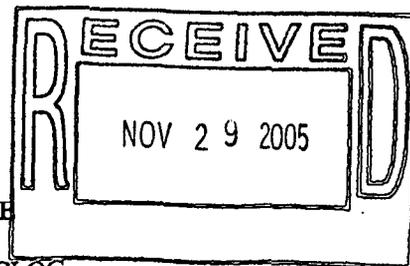

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed your letter dated November 2, 2005 and the attached Decommissioning Closeout Report for the 371/374 Closure Project, Revision 1 dated October 2005, including the responses to our October 18, 2005 comments. We previously reviewed your letter dated September 29, 2005 and the attached 371 Closeout Report Revision 0 Dated September 2005. We have also provided additional comments and received modified pages and figures from Steve Nesta with KH as well as responses in an email dated November 21, 2005. As stated in your November letter, Revision 1 is the final Closeout Report for the B371/374 Cluster and is a stand-alone document, superceding the previously provided Closeout Report (Revision 0). The Building 371/374 Cluster includes Buildings 371, 373, 374, 374A, 376, 377, 378, 381, and CT911 (B373C), as well as Trailers 371G, H, I, J, K, and 376A, and numerous tanks. Based on the information provided in the Decommissioning Closeout Report for the 371/374 Closure Project Revision 1 (as revised November 21, 2005), we are approving the Closeout Report for the Building 371/374 Cluster.

Although we are approving this Closeout Report, we expect to be provided the final ORISE Report for B371/374 as previously agreed. We also expect the ORISE Report to be placed with this Closeout Report as part of the administrative record for B371/374.

If you have any questions regarding this correspondence please contact me at (303) 692-3328, or Harlen Ainscough at (303) 692-3337.

Sincerely,

David A. Kruchek
