Dear Mr. Gunderson:

The purpose of this letter is to transmit the Pre-Demolition Survey Reports (PDSRs) for the Building 774 1973 Addition, the Building 771/774 Roof, and the Building 771/774 Exterior, for your concurrence. The Rocky Flats Project Office (RFPO) has reviewed these PDSRs and determined that the Building 774 1973 Addition can be released for demolition. In addition, RFPO contracted with the Oak Ridge Institute for Science and Education to do an Independent Verification and Validation (IVV) of the PDSR for the Building 774 1973 Addition. The formal report for this IVV will be transmitted to the Colorado Department of Public Health and Environment upon receipt by RFPO.

Your support to accomplish the closure and removal of Building 771/774 in a safe and timely manner is greatly appreciated. Please feel free to direct any questions to Warren Seyfert at (303) 966-5925.

Sincerely,

Joseph A. Legare, Director
RFPO Project Management
