Purpose of Contact: Request permission to remove non-load-bearing walls from RCRA Unit 776.1, Room 159

Discussion

Room 159, which is part of permitted storage unit 776.1, contains a partition wall separating Room 159 from Room 159A and a cinderblock wall within Room 159. These walls did not contact hazardous waste, and do not require RCRA closure. However, because they are located within the boundaries of the RCRA storage unit and are shown on the drawing in the permit, permission was requested from CDPHE to remove the walls. Permission was granted.
