Dear Mr. Gunderson:

Enclosed for your review is the Closeout Radiological Survey Report and Non-Radiological Survey Report for the Building 779 Administrative area. Members of your staff were transmitted copies of this report on October 18, 1999. In addition to the submittal of these reports the Rocky Flats Environment Technology Site is also notifying the Colorado Department of Public Health and the Environment of its intent to activate the Rocky Flats Cleanup Agreement Standard Operating Protocol (RSOP) Recycling of Concrete. The resultant concrete debris will be stored onsite in accord with the RSOP.

Questions regarding this letter can be directed to me at (303) 966-5918 or David Nickless (303) 966-5221.

Sincerely,
