Discussion

In a meeting on 4-1-02 to discuss the PDSR for Bldg. 886 J.R. Marschall requested permission to continue the demolition of the north side of Bldg. 886 prior to formal approval of the PDSR. The demotion would proceed from the painted line at the approximate location of the north wall of room 140 to a point about 3 to 5' north of the temporary bulkhead, built to prohibit dust and debris from migrating into the south part of the building, and the north wall of room 103.

Mr. Kruchek and Mr. Tower agreed that the demolition could continue as stated, but that any further demolition would wait until formal approval of the PDSR.
