Dear Bob:

I called you on January 4, 2005 to provide you a fifteen day notice before Rocky Flats Environmental Site commences work to reconfigure six dams (Ponds A-1, A-2, B-1, B-2, B-3 and B-4), located on the Site in the North and South Walnut Creek Drainages. The Site has obtained a United States Army Corps of Engineers (USACOE) 404 permit to perform the work. The State of Colorado's 401 Certification Requirement is part of the 404 permit and requires notification to the Jefferson County Department of Health. The work will start in late January or early February. The Site's final ponds are not part of this project.

This notice fulfills the 401 Certifications requirements of the USACOE 404 Permit Number 200480475.

Should you have any questions please call me at 303-996-5938

Sincerely,

David Ward
