Re: Proposed Action Memorandum for the East Trenches Plume

Dear Mr. LeGare:

EPA has reviewed the revised draft Proposed Action Memorandum (PAM) for the East Trenches Plume, December 1998, and is satisfied with the changes that have been made to the document in response to our previous comment. Therefore, this document is approved by EPA. In addition, the list of documents provided by DOE for the East Trenches Plume Administrative Record appears to be sufficient and complete.

If you have any comments or questions regarding these matters, please contact Gary Kleeman at 312-6246.

Sincerely,

Tim Rehder, Manager
Rocky Flats Project
