Subject: Rocky Flats Plant Solar Evaporation Ponds Stabilization Project
[WBS 430 PONDSLUDGE PROCESS TRAIN - HALLIBURTON NUS ROCKY FLATS]
APENS PERMIT APPLICATION - POND CONSOLIDATION
RF-HED-92-0512

Dear Mr. Ferrier:

Enclosed is a copy of the letter from the Colorado Department of Health related to our permit application for Pond Consolidation. The letter authorizes us to proceed with Pond Consolidation based on our verbal instructions from the Colorado Department of Health on July 31, 1992. Of significance is the requirement to document fuel consumption for the consolidation process and subsequently for Ponds Sludge processing.

EG&G is currently supplying all diesel fuel for the generators. We will require records of fuel deliveries for the generators in our process. HNUS will be responsible for reporting these quantities to the state to ensure compliance with the HNUS permit.

Sincerely,

HALLIBURTON NUS ENVIRONMENTAL
CORPORATION

Ted A. Bittner
