Brooks, L	X	
Greenyard, T	X	X
Primrose, A	X	X

Enclosed are three copies of Revision 1 to the Solar Ponds Plume Project Construction Closeout Report along with responses to the Agencies' comments. This document was revised based on formal comments received from the Environmental Protection Agency (EPA) and the Colorado Department of Public Health and Environment (CDPHE) and additional information provided at a meeting with EPA and CDPHE on April 12, 2000. The document was then provided informally to the Agencies for review along with the draft responses to comments, as per agreement at the April 12th meeting. However, based on an e-mail from CDPHE (attached), this document will not be approved at this time.

Therefore, the revised document and responses to comments are provided for information only. Please contact me at extension 5245 or Annette Primrose at extension 4385 if you have questions.
