RE: May 5th and 7th, 1998 Compliance Inspection of Unit 15A, 15B, 904 Pad, 750 Pad and Unit #14

Dear Ms. North:

On May 5th and 7th of 1998, inspectors from the Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the "Division"), conducted a compliance evaluation of the above listed units. The Division received your response to that inspection on June 08, 1998. Based upon the subsequent issuance of a Compliance Advisory, and the length of the response to the NOI, this inspection cannot be closed out at this time. If, at a future time, the issues raised in the Compliance Advisory are adequately resolved, this inspection will be closed out with the Compliance Advisory.

The Division appreciates your timely and complete response to the issues identified during the May 7th and 9th, 1998 inspection. Please contact Cynthia Silva Burbach of my staff at (303) 692-3315 if you have any questions regarding this correspondence.

Sincerely,

Joe Schieffelin, Unit Leader
Federal Facilities Permitting and Compliance
Hazardous Materials & Waste Management Division
