TRANSMITTAL OF DRAFT INDUSTRIAL AREA SAMPLING AND ANALYSIS  
PLAN - JLB-032-00

Attached are 10 copies of the Draft Industrial Area Sampling and Analysis Plan (IASAP). If the document meets with your approval, please forward copies to the U.S. Environmental Protection Agency and Colorado Department of Health and Environment for their review.

The IASAP is the decision document that will guide sampling in the Industrial Area. The IASAP streamlines the decision making process and ensures that characterization supports remediation as well as the Comprehensive Risk Assessment (CRA). Appendix C to the IASAP is reserved for the final CRA Methodology that is being transmitted for review as a stand-alone document.

If you have questions, please do not hesitate to contact me at extension 5245 or Lee Norland at extension 5223.

Sincerely,

J. L. Butler  
Manager, Environmental Restoration Projects
