Dear John:

Attached for your review and comment is the "first cut" of a draft table of contents for the Industrial Area Strategy Report. I believe that after the 12 September 1995 strategy meeting, the specifics (subsections) of the table of contents will be better defined. Once these specifics are defined, a final table of contents will be developed for your final review and comment.

Please fax us your comments and we will incorporate them into the working draft version. If you run short of time, please let me know if you need me to contact and coordinate with some RMRS people to attend the 12 September 1995 meeting. The meeting details will be better defined by 06 September 1995.

Have a good labor day weekend.

Best Regards  
JACOBS ENGINEERING GROUP INC.
