**TRANSMITTAL OF DRAFT FINAL INDUSTRIAL AREA SAMPLING AND ANALYSIS  
PLAN - JLB-007-01**

Attached please find four (4) copies of the Draft Final Industrial Area Sampling and Analysis Plan (IASAP) for your review. Following your review, we will address any comments; revise the document if necessary; and transmit revised copies of the document to you for submittal to the Colorado Department of Public Health and Environment (CDPHE) and the U.S. Environmental Protection Agency (EPA).

The Draft Final IASAP contains revisions that reflect comments by CDPHE and the Department of Energy on the Draft IASAP. The EPA did not comment on the Draft IASAP. The document also contains revisions resulting from Kaiser-Hill's (K-H) own re-examination of its content. The document contains comment responses to all comments received as well as a list of changes made subsequent to the K-H review.

Due to delays in receiving regulatory agency comments, we are behind schedule for a final approved document. It would be greatly appreciated if you could expedite your review. If we received your comments by February 26, we could make any necessary revisions and have submittal copies back to you by March 1, 2001.

If you have any questions, please contact Lee Norland at extension 5223.

  
for J. Lane Butler  
Manager, Environmental Restoration Programs
