RFCA Standard Operating Protocol
For Component Removal, etc.

The Colorado Department of Public Health and Environment (CDPHE) and the Environmental Protection Agency (EPA) have reviewed the Component Removal RSOP dated February 4, 2001. Throughout the completion of this document DOE and Kaiser-Hill staff have worked very diligently with the state and stakeholders to address various concerns with the document. This extra effort is appreciated and we believe this has resulted in a stronger final product. The efforts of this staff should be recognized.

The agencies hereby approve this document, and look forward to implementing these protocols for decommissioning.

Sincerely,

Steven H. Gunderson
