

<b>Section A. Facility Data</b>	
Facility No.	B663
Facility Descriptor:	Storage and Shipping, 4,446 square feet
Project:	RISS - Area 1 D&D - Type 1
Date of Demolition:	August 1, 2002
Additional Information:	The storage building had metal siding and a concrete slab. The structure was demolished down to the slab and disposed of as sanitary waste. Environmental restoration will remove the slab and any below grade items (see attached Facility Disposition RSOP Notification - Concurrence). Utilities were all disconnected to more than three feet below grade prior to structure demolition in accordance with site configuration control procedures. A map of all underground utility disconnect locations will be maintained and submitted to the AR on project completion. Site restoration will be performed during the final land configuration for Rocky Flats.
<i>(Must include information on environmental releases and conditions of site at turnover to Environmental Restoration)</i>
