RE: B993 Facility Disposition RSOP Notification

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed your October 15, 2002 letter notifying us that the Facility Disposition RSOP will be utilized during the demolition of B993. We hereby agree that B993 may be demolished utilizing the Facility Disposition RSOP.

Building 993 was identified in the RLCR as a Type 2 facility due to contamination contained in the slab. As such, and as discussed in our September 12, 2002 RLCR concurrence letter, the slab is not considered to be recyclable and is to be appropriately disposed offsite, whether this is performed by D&D (KH Construction) or by ER.

Since it is indicated that ER will be removing the slab, ER is expected (at a minimum) to follow the relevant requirements identified in the Facility Disposition RSOP, even if these may not be specifically identified in the ER RSOP.

If you have any questions regarding this correspondence please contact me at (303) 692-3367 or David Kruchek at (303) 692-3328.

Sincerely,

Steven H. Gunderson
