Provided for your review and approval is the enclosed subject report for facility 519. This report characterizes the physical, chemical and radiological hazards associated with this facility, summarizes the characterization activities, defines the Data Quality Objectives developed for this characterization, and presents the data quality assessment, verification and validation of results.

Based upon this RLCR and subject to concurrence by the CDPHE, the 519 facility is considered to be a RFCA Type 1 facility pursuant to the RFETS Decommissioning Program Plan (DPP; K-H, 1999).

Please notify Kaiser-Hill when you transmit this document to CDPHE. If you have any questions, do not hesitate to call Duane Parsons at extension 6458.
