RE. Reconnaissance Level Characterization Report (RLCR) for Buildings 331FD & C331 - Concurrence

Dear Mr DiSalvo

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed the RLCR for the Fire Department portion of B331 (331FD) and cargo container facility C331, Revision 0 dated April 14, 2003 Based on the information contained in the RLCR we are hereby concurring with the determination that Buildings 331FD and C331 are Type 1 Facilities

Since these facilities are still being used, a minimal investigation will need to be performed to confirm that contamination of these facilities has not occurred prior to initiating demolition activities This final investigation should be coordinated with us utilizing the consultative process This and any other issue that may be relevant to building demolition, such as disposition of below grade structures, should also be addressed utilizing the consultative process

If you have any questions regarding this correspondence please contact me at (303) 692-3367 or David Kruchek at (303) 692-3328

Sincerely,

Steven H Gunderson
RFCA Project Coordinator
