RE: APPROVAL, DATA SUMMARY REPORT FOR IHSS GROUP 400-4, PAC 400-803 - Miscellaneous Dumping, Building 446 Storm Drain and PAC 400-804 - Road North of Building 460

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the Division) hereby grants approval for the subject report and, as a consequence, No Further Accelerated Action (NFAA) for IHSS Group 400-4. A comment resolution meeting on August 17, 2004, and subsequent revisions submitted electronically, was successful in resolving the Division's verbal comments.

Of specific concern was the manner in which a drainage ditch, covered with asphalt some time after the reported dumping incident, was relocated to ensure proper placement of borings. The document has been revised to indicate, more specifically, how the position of the ditch was determined. More importantly, the discussion with facility personnel provided adequate assurance that the relocation effort was successful and the resulting data support NFAA.

We look forward to confirming that the proposed changes are reflected in the final document. If you have any questions regarding this correspondence, please contact me at (303) 692-3367 or Harlen Ainscough at 303-692-3337.

Sincerely,

  
Steven H. Gunderson  
RFCA Project Coordinator
