Mr. John Rampe
Director, Project Management Division
U.S. Department of Energy, Rocky Flats Project Office
12101 Airport Way, Unit A
Broomfield, CO 80021-2583

RE: B440 Westside Facility Disposition RSOP Notification

Dear Mr. Rampe:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed your June 7, 2005 letter notifying us that the Facility Disposition RSOP will be utilized during the demolition of Building 440 Westside. We hereby agree that Building 440 Westside may be demolished utilizing the Facility Disposition RSOP, with additional actions to protect, manage, and remove the remaining radiological contamination in B440 Westside as indicated.

Although your June 7, 2005 letter referred to the "Component Removal, Size Reduction and Decontamination Activities" RSOP, it is our understanding that this was intended to be the Notification for the Facility Disposition RSOP instead.

Since activities to be performed during the demolition of B440 Westside also include protection and disposition of remaining non-friable asbestos floor tile as well as potentially contaminated deeper (inside or under the slab) covered surfaces, we have agreed that these issues can be managed as discussed in a Contact Record dated June 9, 2005.

This and other issues that may arise during demolition activities may be resolved utilizing the consultative process, with resolutions captured in Contact Records, as well as in the Closeout Report for B440 (both East and West sides).

If you have any questions regarding this correspondence please contact me at (303) 692-3367 or David Kruchek at (303) 692-3328.

Sincerely,

David Kruchek
DK

Steven H. Gunderson
RFCA Project Coordinator
