RE: Closure of RCRA Unit 440.1

Dear Mr. Rampe and Mr. Nesta:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the "Division") has received the subject report transmitted on May 24, 2005. The Division agrees that closure activities under Part X-Closure of the Site's State RCRA Permit, specifically permit number CO-04-06-23-01, effective July 23, 2004 were applicable. Further that the activities described in the Unit's Closure Description Document (CDD), approved by the Division on March 29, 2005, have been completed.

Specifically, we accept the Closure Summary Report, and professional engineer certification, for the rooms of RCRA Unit 440.1 located in Building 440. The Outside Staging Area for loaded TRUPACT-II vehicles, for which a viable potential for release did not exist, was administratively closed effective March 29, 2005 concurrent with the Division's approval of the Closure Description Document. If you have any questions concerning this correspondence, please contact me at 303-692-3367 or Harlen Ainscough at (303) 692-3337.

Sincerely,

Steven H. Gunderson  
RFCA Project Coordinator
