RE: Closeout Reports for Buildings 331FD and 891

Dear Mr. Rampe:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed your letter, and the Closeout Reports for Buildings 331 Fire Department and 891 Consolidated Water Treatment Facility, dated September 7, 2005. Thank you for providing these Closeout Reports on these Type 1 Facilities for our information.

Although your September 7, 2005 letter only identified the Closeout Report for T130B, and did not mention the Closeout Reports for Buildings 331FD and 891, they were included in the enclosures provided.

Even though not specifically stated in these reports, it is our understanding that all of the slab, foundation, and structures associated with these buildings have been removed. This would include the removal of the concrete pads and storm drains adjacent to Building 891.

If you have any questions regarding this correspondence please contact me at (303) 692-3328.

Sincerely,

*David A. Kruchek*
