4558-DOE-91

Mr. Gary Baughman
Hazardous Waste Facilities Unit Leader
Colorado Department of Health
4210 East 11th Avenue
Denver, Colorado 80220

Gentlemen:

Enclosed are four copies each of the following documents: Phase III RFI/RI Environmental Evaluation Work Plan, Rocky Flats Plant, 881 Hillside (Operable Unit No. 1) and Phase I RFI/RI Environmental Evaluation Work Plan, Rocky Flats Plant, Woman Creek Drainage (Operational Unit No. 5).

The Environmental Evaluations (EE) of Operational Units (OUs) 1, 2, and 5 would require similar sample sites and analyses in the Woman Creek Drainage. The EE Work Plan for OU5 was chosen by mutual agreement between DOE, EPA and CDH as a model for all other work plans. Therefore, the EE Work Plan for OU1 was rewritten with format and content similar to OU5 to minimize potential inconsistencies. The EE Work Plan for OU2 has been similarly rewritten and will also be submitted at a later date.

The EE Work Plans are being submitted so that field work can proceed expeditiously. This will enhance the comparability of the data, provide more extensive coverage, and decrease redundant sampling.

Sincerely,

A handwritten signature in cursive script, appearing to read "David P. Simonson".

David P. Simonson
Assistant Manager
for Environmental Management
