Dear Laura:

In compliance with Service Agreement, ASC 32082PB, I am enclosing a copy of the 881 Hillside EA which has been reviewed and contains handwritten comments in the margin. In addition, I am enclosing a letter report containing WASTREN's comments on the draft EA. The report was broken into two (2) areas; the first section contains general comments on the EA while the second section contains more specific comments on each of the areas in the EA.

I appreciate having the opportunity to review this document and to support you and the Rockwell program at Rocky Flats. If I can be of further assistance or can help in any other way, please contact me at (208) 523-9102.

Sincerely yours,

Dale L. Uhl, President
