RE: Technical Memorandum 5 (TM 5) to the Phase III RFI/RI Workplan
for OU 1

Dear Mr. Lockhart,

The Colorado Department of Health, Hazardous Materials and Waste Management Division (the Division), and the Environmental Protection Agency (EPA) have reviewed, and are willing to grant approval to, the above referenced document submitted by DOE. The agencies would like to emphasize that approval of TM 5 does not absolve DOE of its responsibility to meet the IAG milestone of July 30, 1992 for submittal of the Draft Phase III RFI/RI Report. In addition, as was indicated in your cover letter to this document (92-DOE-1481), the agencies expect no adverse logistical or budgetary affect to other IAG activities from implementation of TM 5.

If you have any questions regarding these matters, please call Joe Schieffelin (CDH) at 331-4421 or Bill Fraser (EPA) at 294-1081.

Sincerely,
