Mr. Gary Baughman
Hazardous Waste Facilities Unit Leader
Colorado Department of Health
4300 Cherry Creek Drive South
Denver, Colorado 80222-1530

Gentlemen:

We are transmitting copies of the document entitled: "Draft Phase III RFI/RI Report, Rocky Flats Plant, 881 Hillside Area, (Operable Unit 1)," dated October 1992. This document has been prepared to meet the requirements of the IAG and it contains a full presentation and analysis of the complete Phase III RFI/RI data set. This is an IAG Milestone deliverable due October 28, 1992.

Enclosed are responses to your comments on the required Baseline Risk Assessment Technical Memorandum already submitted, as agreed to in the Baseline Risk Assessment supplemental meetings. It was agreed that the Technical Memorandum would not need to be revised, based on your comments, and resubmitted for approval. Rather, it was agreed to provide you with a letter response discussing how comments would be addressed in the Draft RFI/RI Report.

If you have any questions, please contact Scott Grace at 966-7199.

Sincerely,

James K. Hartman
Assistant Manager
for Environmental Management
